

Term 4 Webinar Calendar

October | November | December 2024

Q&A - All about PAT

acer.ac/24allaboutpat

Wednesday, 23 October 4pm AEDT

In this session, ACER's expert team will answer questions and discuss effective practice on all things PAT. Join to see how different schools are using the assessments and allow us to expand on some of the more frequently asked questions.

This presentation will look at distinct types of growth and how to identify these within the PAT reports. We will also discuss and show different comparisons that can be made between your students and the norm data.

Tracking the growth of student achievement

acer.ac/24trackinggrowth

Wednesday, 6 November 4pm AEDT

Unpacking the ACER Scholarship Tests

acer.ac/24scholarshiptests

Tuesday, 12 November 4pm AEDT

This session offers a comprehensive introduction to the ACER Scholarship Tests for educators and school leaders. The webinar will cover the tests and reports, programs and test packages and the administration process.

Join to explore what an assessment of critical reasoning skills can tell educators and to find out the benefits of understanding student proficiency in a range of reasoning skills. We will explore how to unpack and effectively use this information.

Understanding and interpreting data from assessments measuring abstract, kinetic, conceptual and critical reasoning skills

acer.ac/24criticalreasoning

Wednesday, 4 December 4pm AEDT
