

Term 3 webinars

July | August | September 2025

**PAT interviews:
ACER leaders discuss PAT**

acer.ac/pat_interviews

Thursday, 14 August 4 pm AEST

In this session, we'll hear from leaders at ACER as they share their experiences with PAT. We'll explore how PAT has evolved over time and why it continues to change. Join us for insights into a wide range of topics related to assessment and education, both in Australia and around the world.

The PAT norms help teachers to better understand where their students are in comparison to other students from around Australia. In this session we'll look at how to interpret and use the PAT norm data.

Understanding PAT Norms

acer.ac/pat_norms

Wednesday, 20 August 4 pm AEST

**Analysing and interpreting ACER's
reports for linear assessments**

acer.ac/linear_reports

Wednesday, 3 September 4 pm AEST

This session will highlight the PAT Bands, Group, Individual and Longitudinal reports used to report results from our linear assessments. This will include how to identify strengths, weaknesses and/or gaps across a class, cohort, or whole school level and how trends can appear within these diverse groups.

This session will highlight the ACER Data Explorer including the Achievement, Student, Item Performance and Progress reports. This will include how to identify strengths, weaknesses and/or gaps across a class, cohort, or whole school level and how trends can appear within these diverse groups.

**Analysing and interpreting ACER's
reports for adaptive assessments**

acer.ac/adaptive_reports

Thursday, 4 September 4 pm AEST

**What's new in the PAT
Teaching Resources Centre:
PAT Science and PAT Critical Reasoning.**

acer.ac/pat_teaching_resources_centre

Wednesday, 10 September 4 pm AEST

In this session on the PAT Teaching Resources Centre, we will introduce the resources from two of our newest learning areas, PAT Science and PAT Critical Reasoning and will showcase the extensive range of engaging materials in each area.
