Understanding the new PAT norms: what teachers need to know

acer.ac/26patnorms

Wednesday, 11 February 4pm AEDT

This session will guide teachers through the new norms and what they reveal about student performance.

We'll explore the reports that support norm comparisons and show you where to find key information to deepen your understanding of how the norms are developed, including norm weighting, achievement data, and key metrics such as percentiles and stanines.

Explore the updated PAT Maths 5th Edition and learn what sets it apart from the previous edition. This webinar will outline the key similarities and differences between the two versions, helping you understand what has changed and why. Join us to deepen your understanding of the 5th Edition and how it can support your maths assessment program.
